2026 ANNUAL REPORT

Contending for the Faith

From the Desk of

MICHAEL A. YOUSSEF PH.D.

To my precious ministry partners,

This past year marked a significant milestone in my life. After many years being blessed to serve both the local church and a global ministry God entrusted to me, I stepped fully into the work of *Leading The Way*. I did not make this decision lightly, but with overwhelming conviction that the time is short, the harvest is plentiful, and there is much to be done.

As I look back on the last fiscal year (July 1, 2025 – June 30, 2026) in our ministry together, I'm reminded that God often accomplishes His greatest work in times of uncertainty. This year, we faithfully stepped through open doors that only the Lord could open.

- **Amid war and instability in the Middle East,** our 24/7 KINGDOM SAT television channel delivered the hope of the Gospel **without interruption**.
- **Our team responded to the urgent spiritual needs** of our viewers in places like Iran, where many are becoming disillusioned with Islam.
- **Our *Navigators* proclaimed Christ to those who** had never before heard the Good News, and **a new door opened in the Middle East**—an answered prayer that could enable us to expand our reach in restricted nations like Saudi Arabia.
- **I've had the opportunity to encourage more churches, pastors, and leaders** than ever before —with more opportunities to come.
- **Here in America, thousands gathered at our** AWAKE America rallies with a renewed hunger for God's Word, praying that He would awaken His Church and **call our nation back to Himself.**

None of this would be possible without your prayers and generous support.

As you read this report, my prayer is that your heart will be encouraged by all God is doing through our partnership together. May each page remind you that the Gospel is still transforming lives and His Kingdom is advancing.

From the bottom of my heart, thank you.

For His glory,

Michael A. Youssef, Ph.D.

A NEW CHAPTER IN MINISTRY

"I'm Putting My Foot on the Accelerator"

– DR. MICHAEL A. YOUSSEF

Growing up in Egypt, Dr. Michael A. Youssef watched as Islamic invaders subjugated his family's Christian subculture. Then came the socialists, and with them, the slow confiscation of everything his family had built. A business, gone. A way of life, dismantled. And Christians around him: silenced and marginalized.

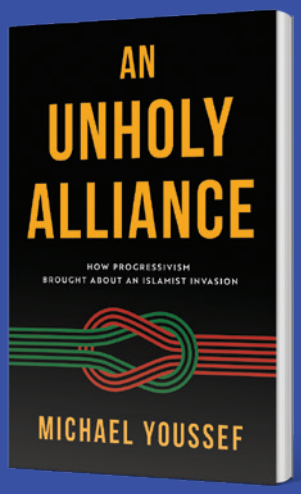

In 1977, he came to America grateful for the ability to speak Truth freely, plant a church, and build a global Gospel ministry. But something troubled him. Lulled by comfort and security, Christians with the most religious liberty on earth were making peace with the same dangerous ideologies and totalitarian systems he'd fled. He couldn't stay silent.

Dr. Youssef has never hidden what he believes God called him to be: a thorn in the side of evangelical Christians compromising the Truth—a prophetic voice calling the Church to remain faithful to God's Word. This year marked a new chapter in that calling. After 39 years of pastoring The Church of The Apostles in Atlanta, Dr. Youssef stepped down from his daily shepherding to commit his full time and energy to *Leading The Way*'s global ministry.

"Now that God has raised up my son Jonathan to lead the church for its next stage of growth, I will be devoting my full attention to *Leading The Way*. I'm deeply thankful to the Lord and know that the best is yet to come," Dr. Youssef announced in November 2025. "We don't know how long the door is going to remain open to proclaim the Gospel in the places where we are ministering. **So I'm really putting my foot on the accelerator now.** We would love to walk through those open doors as long as God keeps them open."

In this new season of ministry, Dr. Youssef is laser-focused on reaching the world's closest to his heart: the West, Middle East, and Remote Villages. And with your support, he's carrying the Truth of the Gospel into every door God opens—***"contend[ing] for the faith once for all entrusted to God's holy people" (Jude 1:3).***

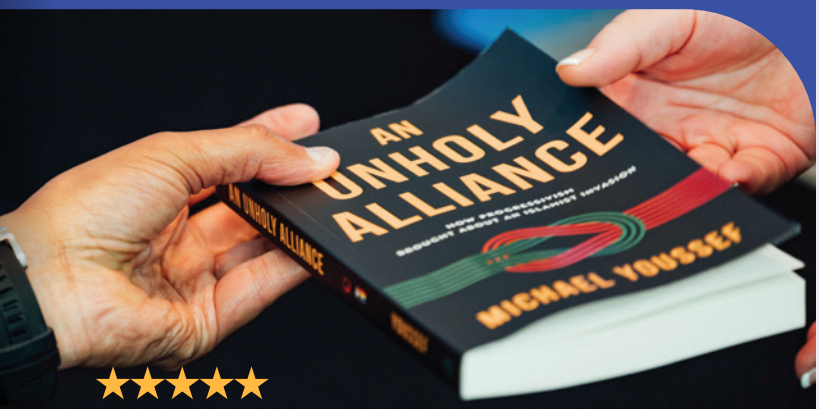

EXPOSING THE ISLAMIST TAKEOVER

NUMBER ONE RELEASE IN:

Christian Apologetics | **Church & State** | **History of Religion & Politics**

Before Dr. Youssef's new book *An Unholy Alliance* ever reached readers' hands, it had already made its mark, with pre-orders landing it as the **#1 new release in multiple genres online**. The book's arrival opened doors across the media landscape. From **John Anderson Media** and **Becket Cook** to **Todd Starnes, Erick Stakelbeck**, the **Faith and Freedom Coalition in Washington, D.C.**, and the pulpit of **one of America's largest churches**, Dr. Youssef urged Christians to recognize and resist the dangerous alliance between the Progressive movement and political Islam.

AN URGENT MESSAGE FOR CHRISTIAN LEADERS

Washington, D.C. — On the heels of sending *An Unholy Alliance* to key government leaders, Dr. Youssef spoke before **thousands of Christian leaders** at the Road to Majority Conference. There, he issued a stirring charge: **"Change will happen when we come clean with God, repent of our sins, return to Him, and then go out and enlist others."**

CALLING THE CHURCH TO WAKE UP

Dallas, TX — At Prestonwood Baptist Church, Dr. Youssef delivered a jam-packed message before thousands, revealing the history behind today's cultural jihad—and how God is moving across the Muslim world. **"I've been warning the West since 1982: Political Islam always grows stronger when Christianity is weak, compromised, and in retreat," he said. "Now is the time to be the Church of Jesus Christ."**

When the Church WAKES UP

Dr. Youssef launches city-wide rallies and prayer app, the next phase of the AWAKE America movement.

A woman returning to the Lord after 34 years. A grieving father searching for comfort the day after burying his son. Families traveling hundreds of miles to hear a message from God's Word. Long-time believers returning to their first love for Christ.

This year, Dr. Michael A. Youssef launched the next phase of the AWAKE America campaign: city-wide rallies beginning in **Boston**, the birthplace of the First Great Spiritual Awakening, and continuing in **Washington, D.C.**, the heart of our nation. Thousands gathered. Thousands more watched online. From every background and every circumstance, God awakened souls, revived the spiritually asleep, and renewed His Church.

Janine from Rhode Island had been away from the Lord for 34 years. When the moral confusion around her became impossible to ignore, something broke open in her—a deep conviction that something was missing in her walk with God. AWAKE Boston was one of her first steps back to following Christ.

Phillip approached a prayer volunteer at AWAKE Boston with tears in his eyes. "I believe in Jesus and I believe in the Bible," he said, "but something is missing." As the prayer counselor led him in a prayer of repentance, he knelt, wept, and gripped her hands with all his might. That night, he rededicated his life to Christ—and woke up spiritually.

Heather from Maine bought tickets in faith before she even knew if her husband would attend. They navigated sold-out hotels to come. Her husband left the rally saying, "I need to get right with God. I don't have time to waste."

"We started in Boston for a reason,"

Dr. Youssef told the crowd at Tremont Temple on October 25.

"This is the birthplace of the First Great Awakening. It is my prayer that God will send a spark that ignites the Third Great Awakening."

Prayer and worship continued long after the message ended. AWAKE Boston's City Director said, ***"We saw dozens lay their burdens down and commit their lives to the service of the King of kings."***

Only three weeks later, **AWAKE DC** gathered at DAR Constitution Hall. Tauren Wells led worship along with Garett & Kate before Dr. Youssef preached from Matthew 25, calling believers to personal, living faith, not inherited religion. ***"This is the day of your awakening,"*** he proclaimed. People from every walk of life came to the altar, and prayer spilled into the hallways.

Laura, a believer of 25 years, felt burdened to pray for the teenage girl sitting next to her, who had just rededicated her life to Christ. ***"I fell in love with Jesus all over again,"*** she said afterward. **Shelandra from New York** felt great conviction: ***"I believe Christ is coming and I'm not ready. I want to better prepare myself."*** **Grant from Virginia** was inspired to be part of something bigger than himself. ***"It was amazing to see God moving outside of my local area,"*** he said. ***"I was empowered to be more bold in my faith."***

Behind both rallies were **over half a million prayer warriors** committing to pray daily for a Third Great Spiritual Awakening in our nation. This movement is the foundation, and it continues to grow.

By the time you read this, we'll have wrapped up our **AWAKE Houston** rally with GRAMMY-winning worship artist Chris Tomlin. Houston is a city of influence, and one in the crosshairs of rapid Islamist expansion—91 mosques and counting.

THE SPARK HAS BEEN LIT. THE MOVEMENT CONTINUES. AND YOU'RE ON THE FRONTLINES OF IT ALL.

The Mission Field

OUTSIDE YOUR FRONT DOOR

Louise had known Christ from a young age. But when her father died when she was thirteen, the Lord, as she puts it, was **"put on a shelf."** After moving to France to study medicine, she met her husband Olivier, whose faith had never moved past his baptism.

"There was a big void in our hearts," Louise recalls, ***"and we were on the verge of realizing that it was indeed a God-shaped hole."***

When the pandemic hit, they were forced to confront their true spiritual condition. As the cultural fractures of the COVID era and the accelerating ideological confusion came to the surface, they knew they needed to find the Truth. **Then came a voice on a screen that was uncompromising and clear, declaring the Truth of the Gospel without apology.** That was one of their first encounters with Michael Youssef's teaching—and it left an indelible mark.

"Since then, we've both started reading the Bible daily and have many discussions with God's Word," she says. "Hearing Dr. Youssef proclaim God's love for us and the beauty of our salvation through Christ has brought us immense joy and peace. ***We've found the missing piece to the jigsaw puzzle that our spiritual lives had become...*** Our newfound relationship with Jesus is at the forefront of our gratitude."

Your partnership made it possible for Louise and Olivier to hear the Truth of God's Word at the very moment they were searching for hope. Now, they're sharing that same life-changing Truth with others.

Though Olivier's family and friends in France do not agree with their newfound faith, he and Louise refuse to keep the Gospel to themselves. They continue sharing the Good News—and the programs that God used to transform their lives—with those who need Christ.

This is the power of the Gospel. It never stops with one transformed life or one redeemed family. Even in the face of opposition, it advances, spreading from heart to heart, home to home, and generation to generation, pushing back the darkness with the light of Christ.

CAROL

WHERE THERE WAS NO CHURCH, GOD BEGAN BUILDING ONE

Seven hours. Three different forms of transportation.

That is what it took for *Leading The Way*'s Field Team to reach six new Christians—an entire family who had received Christ through our KINGDOM SAT TV channel but had no church, no nearby believers, and no one to help them grow in their new faith.

"We are a family who received Christ in our life thanks to your KINGDOM SAT channel. Dr. Michael Youssef played a role in introducing us to our Savior," said Hamid. ***"We badly need somebody to help us grow in our faith, as there is not a single church in our area."***

Our Moroccan Field Team member, Ismael, recently made the journey to meet with this family and help establish a house church. From Agadir, Ismael traveled by taxi to Marrakech, then by bus to Beni Mellal, and finally by taxi again to Khenifra. After hours of travel, he arrived at a remote area where there had never been a church before. There, he set out to help these new believers in their journey.

"They came all the way to the Atlas Mountains to help us," Hamid said. ***"They planted a house church so we can grow in our faith and study God's Word together every week."***

But the story doesn't end with just one family.

Haddou and Rachid, who live nearby, also accepted Christ as their Savior after watching Biblical teaching on THE KINGDOM SAT. After sharing their testimonies with the Field Team, they were connected with the newly established house church and are now participating in a discipleship course.

Today, the house church has grown to nine members as additional family members and people from surrounding areas have come to faith in Christ. Ismael continues to visit them periodically and stays in constant contact through an encrypted messaging platform. These new believers have also been provided with Bibles and other discipleship resources to help them grow in their understanding of God's Word.

You're part of their salvation story, and this is just a glimpse of your impact in the Middle East and North Africa. Through Biblically-based teaching, face-to-face discipleship, and even church planting, the Gospel is transforming entire families and communities. **Through every gift and prayer, you're helping millions more people find the Truth they've been searching for.**

People are fleeing Islam and are being drawn to other beliefs. What I've seen up close is that people, especially the younger generations, are interested in Christianity... New people are believing in Christ and joining house churches."*

Together, we are reaching those in turmoil with the Gospel of Jesus Christ.

A MAJOR MILESTONE in the Middle East and North Africa

Although 38 years old, it was 30 years ago that *Leading The Way* began broadcasting Dr. Michael Youssef's radio programs in Arabic, opening the door to reach millions across the Middle East and North Africa.

As the response grew, so did the ministry. *Leading The Way* then established local, indigenous pastors and counselors (Field Teams) to personally connect with those responding to the Gospel, providing discipleship, encouragement, and practical support on the ground.

Then came a moment only God could orchestrate. One night, a ministry partner awoke with a single, unmistakable prompting from the Lord: **"Sell the farm."** He obeyed—literally—and gave the proceeds to launch THE KINGDOM SAT, *Leading The Way*'s 24/7 satellite television channel reaching the Middle East and North Africa.

Since 1996, our team estimates that we've received approximately 3 million inquiries from spiritually hungry listeners and viewers across the Middle East. Over the years, our media ministry, along with Dr. Youssef's evangelistic events across the region, have resulted in **tens of thousands of known salvations**, with countless more we will never know about on this side of eternity.

With Dr. Youssef's full-time focus on *Leading The Way*, reaching the Middle East and North Africa remains one of his key priorities. The Gospel is reaching hearts, the door is still open, and the need is greater than ever.

For 30 years, God has been opening doors in the Middle East. And across the threshold stand people He is drawing to Himself—a family in the mountains with a rooftop satellite, a Muslim seeking Truth in secret, a life on the edge of surrender. We don't know yet whom He will reach next, but through your partnership, we'll be ready to respond when they reach out—and help them take their next steps in Christ.

A RENEWED GENERATIONAL HOPE FOR WEST AFRICA

The Ivory Coast, a majority Islamic country in West Africa, remains one of the world's poorest nations, with nearly 40% of its population living below the poverty line. Limited access to education continues to be a significant challenge, and nearly half of the population is unable to read or write. Without resources, missionaries found it difficult to share the Gospel message with the population.

When men, women, and children received our solar-powered *Navigator* audio devices loaded with the New Testament and Dr. Youssef's messages, they were overjoyed and shared with us:

Where the road ends,

THE GOSPEL KEEPS GOING

Through your partnership, no village is too remote.

"I am so blessed. ***This is the first time I've had the opportunity to have something like this device.*** *Your ministry is a blessing to me and my family."*

"With this Navigator, ***I will be blessed with the Word of God finally after struggling to read for so long.*** *Thank you very much and God bless you all."*

"We want to say thank you and encourage you to ***keep helping us and other countries in need of the Gospel.*** *We are so happy now because now we can* ***hear the Bible anywhere we go."***

THOUSANDS HEAR THE GOSPEL FOR THE FIRST TIME IN BANGLADESH

Last year, our solar-powered *Navigator* devices were hand delivered to 100 remote villages in Bangladesh. **This year, the mission continued to reach all 279 unreached people groups.**

While visiting one of these unreached villages in Manikganj, one of our ministry partners began sharing the Gospel with business owners in a local marketplace. At first, few were paying attention, but everything changed when our field partner played chapters of the New Testament through a *Navigator* device. **The crowd quickly became captivated by the message of Scripture.**

The Holy Spirit moved in a powerful way, and 35 people chose to place their faith in Jesus Christ right there in the marketplace. Each new believer received a *Navigator* to help them continue growing in their faith, and a new house church is already being formed to disciple them.

Over the following four months, ministry partner Minu distributed nearly 9,000 *Navigators*, and **more than 1,800 people from unreached people groups made decisions to follow Christ resulting in the establishment of 46 new house churches.** In a nation where Christianity faces significant opposition, this remarkable movement is a testament to what God can do through faithful partnership, prayer, and your support.

A NEW FRONTIER: CROSSING BOUNDARIES THAT ONCE SEEMED IMPOSSIBLE

For years, corruption, government watch lists, and closed borders made large-scale *Navigator* shipments to the Middle East and North Africa nearly impossible. But after months of prayer, God opened a door.

In June 2026, through strategic partnerships we cannot name publicly, **our first large-scale *Navigator* shipment to the Middle East** arrived at an undisclosed location—dramatically expanding our underground distribution network.

In a region where millions have been displaced by war—places like Yemen, Syria, and Sudan—and following Christ can come at the ultimate cost, **the *Navigator* can now cross borders undetected**, strengthen more underground believers, and place God's Word into the hands of those searching for Truth.

We give God the glory for this answered prayer!

Debbie grew up in a Christian home, attended church, and went to a Christian school.

She believed in God, but deep down, she knew she was missing something. For years, she searched for the peace and fulfillment she longed for. Then one day, she heard Dr. Youssef on the radio.

"Something he said that day caught my attention, and I've been listening ever since," Debbie shared. "Dr. Youssef's teachings helped me find a real relationship with God... I'm so grateful for his altar call that day!"

That experience changed Debbie's life. As her faith in Jesus grew, so did her desire to help others hear the Gospel. She began supporting *Leading The Way* and later became a Cornerstone Partner, including the ministry in her Will to ensure her passion for reaching the lost will continue for many years to come.

"*Leading The Way*'s ministry goes where needed and is incredibly impactful—not just in leading me to be saved, but in support of revival here at home and taking the Word of God into Muslim regions... I'm honored to support *Leading The Way*'s efforts as a Cornerstone Partner."
